Delhi. Old Fort.—The Old Fort and Palace built by the Emperor Shah Jahan between 1639-48. There are two fine gates, one of which is shown in the picture. It gives also the magnificent red sandstone wall of this ancient stronghold and Palace of the Mogul Emperors, sometimes called the Lal Kila or Red Fort. The inner court has been cleared of modern military structures, now replaced by a lawn and shrubberies.

*Mr J. P. Patel of Bombay India
sends you hearty greetings and thanks you for the
very pleasant time he spent in your country. He
would be very pleased to hear from you at Patel
House 10, Churchgate Street, P. O. Box 399
Fort, Bombay, India.*
